Take pleasure in announcing to their many patrons, and the public in general, that their Fall Importations have arrived, and are now ready for inspection.

CITY OF PARIS

### Mens'. Youths' and Boys' Clothing Department.

The distinguishing feature of our really grand display of Readynade Garments for Mens', Youths' and Boys' Wear, consists in the fact that the material used is of the very best the looms of Foreign and Domestic Manufacturers can bring forth. Linings and Trimmings being first-class, correspond in texture, as well as fabric, with the material of the garment. As to the cut and fit, the garments are indeed an eminent success, and elicit highly flattering criticisms from all sides. Through untiring efforts we have succeeded in securing an assortment of CHILDREN'S SUITS and OVERCOATS which will meet the appreciation of our pat rons, being, in all respects, the most complete and most choice assortment displayed by any house on the Pacific Coast.

## HAT DEPARTMENT

In the line of Hats we show all the Latest Styles and most cele brated makes of Soft and Stiff Finished Goods.

### GENTS' FURNISHING GOODS DEPARTMENT.

In this department we introduce this season a better and finer class of Underwear and Hosiery than ever before offered in this market, while our superior make of White and Fancy Shirts, aided by a mammoth stock to select from, will sustain its enviable reputation as "The Best in the Land." In Neckties, Scarfs and Dress Cravats the selection is brilliant. In Linen Collars and Cuffs we A TORNEY AT LAW. Nos. 56 and 57, Bake ap25 tf offer none but approved makes of fashionable designs.

Jeremiah S. Black has made an argument before the Secretary of the Interior in support of the Mormon movement to secure the removal of Gov.

Murray, and another argument attacking the constitutionality of the Gazette.

Mr. Engerton nodes underspated rank as the most impressive, eloquent and logical of our orators, and one who has few equals among English speaking public men or scholars—[Contra Costa Gazette.] tacking the constitutionality of the Edmunds bill. Black is, as everybody knows, a Democrat of Democrats, and was President Buchanan's Attorney-General. In that capacity he advised Buchanan that there was no power in the Constitution to power a State—which amounted to coerce a State—which amounted to a declaration that the Government had no power to protect its own life from the deadly assaults of treason. Upon this issue the war for the Union was fought out, and the Buchanan-Black-Secession view of the nation's powers and rights went down in blood. Now, twenty years later, this same Black appears as the upholder of the Mormon hierarchy; defending their nulli.

POLITICAL POINTS.

Idid not like to believe beyond what I had seen or demonstrated. But yesterday, as I entered the exhibition room and stood beside the mammoth pumpkin, which, standing upon end, loomed up beside the door like the Pillars of Hercules, weighing 250 pounds, my garments of skepticism dropped off, and I made mental apologies to Mother Goose for my long years of doubt and disbelief. Thus we grow wiser as we grow older.

A Dear Experience with a Bar.

Two Orange boys were deer-hunting in the mountains a few days since, and while gently stealing their way along a narrow ravine, were suddenly startled by hearing a loud crackling in the brush on the bank of the ravine. They instantly forgot about deer, as they be held an immense bear emerge from the bushes directly in front of them. They it was that the delegates elected from durined to run, but Bruin was too quick for them. With a fercoious growl he sprang after them and struck the hindmost urchin a blow which relieved him of most of his clothing, but he escaped without further injury. The boys thought it dear sport as they left their deer and rifles behind them, and were compelled to return to their cabin bare, sighing: "Oh, dear! 'tis more than can bear!"—[Santa Ana Standard.

The Medoc Independent of last week says: "Mr. H. Woodson, who owns a ranch at Lake Annie, near Fort Bidwell, has been engaged in the business of trout-raising for the past three years, and has met with remarkable success. Three years ago Mr. Woodson procured a number of small trout from one of the streams which empties into Pit river, and although there was not at that time a fish of any kind in Lake Annie, the waters of the lake are now swarming with nice trout. Mr. W. states that in May last he caught is an insult to regist of the lake fish was 22 pounds.—they having been in the lake just 31 months.
